Automatic Contributions Can Help Maximize Your Savings

You opened your account with one goal in mind — to ensure that your child, grandchild, or any loved one gets a good education. But as tuition costs keep rising, you may need to adjust your college saving strategy. [Sign up for or increase your Automatic Contribution Plan \(ACP\)](#) to help you keep on track to meet your college savings goals. ACP makes contributing to your account on a regular basis easy and manageable.

Simply [make regular contributions](#) directly from your savings or checking account, which can be a great way to work toward your 2005 college savings goals, rather than making one or two large contributions a year.

You only need to set up the ACP once, and you can easily change the amount contributed each month, as your needs change.

¹ This hypothetical example illustrates the future values of an initial investment of \$5,000 and additional annual investments of \$2,500. It assumes an annual investment return of 6%. The chart is presented for illustrative purposes only and does not reflect actual performance or predict future results of the Program or any investment portfolio in the Program. The example does not reflect any reduction for expenses or taxes or the benefits of any Oklahoma tax deduction that may apply.
